## NATURE OF REPAIR

We strive to keep service time at a minimum, to get you back to screening as quickly as possible.

Pricing for services may be found in the Screening section, online or by contacting Customer Service. All repairs are subject to review and we urge you to secure prior authorization from our Repair Department.

Calibration confirms **consistent quality** of results, maintaining the **reliability** of your equipment, and the quality of **care** for your patients.

If you are curious if your equipment is in need of calibration, please contact our Customer Service Department at **800-485-2737**.
